Implementation

Seeking Clarification - Members of the Centenary community value their reputation for behaving ethically and therefore reflect before acting, especially in complex situations. In instances where policies appear ambiguous or questions arise about personal responsibility in adhering to this Code of Citizenship and Ethical Behavior, clarification can be sought from supervisors, directors, chairs, deans, vice presidents or the office responsible for the policy in question. Simple questions such as the following offer guidance in deciding if an act is consistent with the College's Core Values:

- How would my action appear to others at Centenary College?
- Could it harm the College's reputation?
- Is it ethical and legal?
- What does my conscience tell me?
- Should I check before acting?

Reporting an Alleged Violation - All trustees, faculty, administrators, staff and students are expected to bring suspected violations to the attention of appropriate supervisory personnel in a responsible manner. Generally the first person to be informed should be either one's immediate supervisor in the case of employees, or the director of the department concerned. In those instances in which the immediate supervisor is involved in the alleged violation, the report should be made to the person at the next highest supervisory level. The process for reporting suspected violations of specific policies are explained as part of the policy itself.

As a general guideline, please follow the procedures enlisted with the specific policy. In most cases a student should report to their Faculty or the Dean of Students, while faculty would report to their chairperson or a Dean, Staff would report to their supervisor or the Director of Human Resources.

The Centenary community expects that those who report violations in good faith and in an appropriate manner, whether or not further investigation substantiates the claim, will be free from retaliation in any form. The identity of complainants will be protected, within legal limits, and those who retaliate against them will be disciplined.

Enforcing Ethical Standards

Reported violations will be investigated promptly in accordance with procedures detailed in the relevant policy. Those accused are not assumed to be responsible for the reported behavior until the appropriate process has reached a conclusion. In circumstances where individual or community safety is in jeopardy, temporary restrictions and or suspensions can be put in place while the investigation continues. Fundamental fairness is accorded to all individuals.

Reporting False Accusations

No one will falsely report misconduct of any sort by another individual for the purpose of discrediting or otherwise harming the reputation of that individual. Any complainant guilty of such abuse will be subject to disciplinary action. http://www.centenarycollege.edu/docs_hr/SexualHarassPolicyApril182005.pdf

Responsibilities

All members of the Centenary Community are responsible for conducting school-related activities ethically and for making Centenary College a place known by the excellent character of all associated with it. Trustees, faculty, administrators, staff, constituents and students in leadership roles are influential models for Centenary College students. Those in supervisory positions have the dual responsibilities of encouraging ethical behavior as well as dealing appropriately with suspected violations reported to them.

The Judicial Chairperson and Vice-Chairperson are chosen by the Dean of Students, the Associate Dean of Students, the President of the Student Government Association and the Vice-President of Student Government Association.

Judicial Process Coordinator

The Judicial Process Coordinator acts as an advisor to the Board during a hearing. He/she maintains order outside of the hearing room and interprets the Student Handbook for the Judicial Board. The Process Coordinator is not a member of the Judicial Committee, rather is a College Official. In the event the Judicial Chairperson excuses him/herself from hearing a case, he/she may act as Judicial Process Coordinator.

Hearing Participants

The other participants in a hearing are the accused, the accuser, witnesses and a judicial guidance officer. The accused is the student accused of violating the code. The accuser is the individual making the charge that a violation occurred.

The accused and accuser may choose to bring up to three (3) witnesses. Witnesses are individuals with significant knowledge of the incident and are called to testify in order of most importance. Witnesses will be called in to give their statement of events by the Judicial Chairperson. At any time, the Judicial Chairperson may excuse the witness for not following Hearing Guidelines, having testimony deemed irrelevant, or due to time constraints.

Students participating in the judicial hearing are not permitted to have outside representation by legal firms, family or friends outside of the college community. The accused and accuser may choose to have guidance during the hearing; however, this person must be requested in advance and is an assigned Campus Life member that is familiar with the policies of the campus. This person may not participate in the hearing by presenting evidence or acting as a witness. Rather they will offer quiet guidance to the individuals in the form of passing notes, or encouraging an appropriate manner in which to deliver their testimony.

Hearing Preparation

Judicial Board members are required to arrive 15 minutes prior to the beginning of a hearing. During this time, each member of the Board should review incident reports which are to be provided by the Judicial Process Coordinator. Any questions Board members have of the incident report should be noted.

The Accused and Accuser will receive a letter of charge including the date, time and location of the hearing. Additionally, they will receive a copy of the incident report, which will be presented to the board. They will not receive notification of the names of the individual board members.

Hearing Procedures

On the Date of the hearing all board members must be present before the case will be heard. All participants in the hearing must be on time, including accused, accuser, all witnesses and any advisors. If the accused is not present when the Judicial Chairperson begins the proceedings, the hearing will be conducted in their absence, unless the chairperson feels a postponement is in order. If they arrive late, the Judicial Chair may decide whether or not to allow them to join the hearing. If the accuser is not present, the chairperson may choose to use the incident report as their testimony and /or may decide to dismiss the case. Late witnesses will not be permitted to testify.

Hearing Procedures Involving Groups

The parties of accused or accusing may choose to commence the hearing as a group, or as individuals when each is being charged for the same incident. In addition, the Judicial Chairperson reserves the right to call in any hearing participants at any time for the purpose of timeliness.

When student groups or organizations are charged with a violation of the code, the executive committee of the organization will stand as representatives of the accused organization. Sanctions will be given to the organization and not to individuals. Individual judicial records will not be available as part of the sanctions, however the organizations record will be.

Guidelines of the Hearing

The following hearing guidelines are read to all participants in the hearing and recorded for evidentiary purposes:

“Thank you for attending this hearing of the Judicial Board. I, _____, am the Chairperson for this hearing on [today’s date] involving [accused] and [accuser]. It is essential that all information presented in this hearing be completely confidential. There is to be no discussion related to incidents at hand outside of this hearing room. This hearing will be conducted in an orderly manner and anyone violating that directive will be required to leave. In addition, all participants are obligated to tell only the truth. Further disciplinary action will be pursued against anyone found to be misrepresenting the truth in a hearing.

All discussion and information presented must be relevant to the specific acts and charges alleged in the incident report. Evidence regarding other acts or past infractions are inappropriate at this time and Board members will direct you to restrict your statement accordingly. Only evidence presented in this hearing will be used to determine if a violation occurred.

I will now ask Board Member, _____ to read the charge.”

Board member reads the specific charge(s) from letter of charge to the accused. This is the Level and Section of the violation from the Student Handbook. The Judicial Chairperson then dismisses all witnesses. Accused, accuser and guides remain.

“I now ask that all witness be excused until called upon to present their testimony.”

Accuser’s Presentation

The accuser will have an opportunity to present his or her version of events related to the incident including evidence. At any time during this presentation the Judicial Board may ask questions of the accuser. When the accuser has concluded his or her statement, the accused may ask questions of the accuser. The accuser may then call in his or her first witness. The witness gives their statement of involvement with the incident which may be questioned by the Judicial Board at any time. The accused may ask questions of the witness after they have concluded his or her statement. This procedure continues for all the accuser’s witnesses.

Accused’s Presentation

At the conclusion of the accuser’s presentation, the accused will be directed to begin their presentation. During this time, the accused may present any information or evidence relevant to the incident. This presentation may be interrupted by the Judicial Board for questioning at any time. After the accused has finished their presentation, the accuser may ask questions of the accused. The accused may then call in their first witness. The witness gives their statement of involvement with the incident which may be question by the Judicial Board at any time. The accuser may ask questions of the witness after they have concluded his or her statement. This procedure is carried out for all of the accused’s witnesses.

Are there any other questions from the board?

If not, I now ask that all parties leave the rooms for the board’s deliberation.

Deliberation

Deliberation is the period in which the board will decide if a violation occurred and appropriate sanctioning. Only the board is present for deliberation and all others must be excused from the room. During deliberation, the chairperson may request the council of the Judicial Process Coordinator. If this were to occur, the purpose of the discussion will be disclosed at the time of hearing conclusion. During the period of deliberation the tape recorded is turned off and the board will discuss in detail the case and all evidence presented.

Determination of Violation

Using only the information presented in the case, the incident report and the Student Code of Conduct, the board will determine if a violation of policy has occurred. The board may not use past infractions, previous incidents and character to decide if a violation occurred. If the board feels in necessary, they may briefly recall any participant for clarification. If this were to occur, the accused, accuser, their guides and the judicial process coordinator would be recalled and permitted to ask questions. The recording would commence.

Determination of violation should be decided by a consensus of the Board. Should a consensus not be possible the Chairperson will call for a vote. The Chairperson will call each board members name and ask for their vote. After all four members have voted the majority decision is final. Should the vote end in a tie, the Chairperson will make the deciding vote.

Sanctioning

If it is determined the accused is found in violation of the code, then the Board will proceed to sanctioning. At this time, the accused's judicial record will be reviewed to determine the appropriate consequence. Sanctioning is concluded upon as indicated by the level of the offense. In some cases the board may recommend expulsion to the College President. If upon review the President does not uphold the Judicial Board's recommendation, the board will make a determination of an appropriate sanction.

Hearing Conclusion

The accused will be recalled into the Hearing room for the announcement of the Board's determination. Witnesses will be excused and not able to attend this portion of the case. Guides and the Accuser may be present. Audio recording will commence. The Judicial Chairperson will declare their decision, the purpose of Judicial Process Coordinators questioning as well as explain all sanctioning details.

Centenary has an obligation, under the provisions of the Clery act to put a public notice forward about crimes and their results. Therefore, a letter will be crafted and posted within the mail room stating the crime that occurred and the outcome. This posting will not contain the name of the charged individual and/or group. Should the alleged person be found not in violation, he or she may request their name be published.

Appeals

An appeal of a decision made by the judicial committee must be submitted in writing to the President of Centenary College within 72 hours of the notification of the decision. In the case of recommended expulsion, the appeal must be made to the President of the College prior to her rendering her decision to expel, which shall occur after the 72 hours of notice.

An appeal of a decision of the Dean of Students, Residence Hall Director or the dean's designee shall be made in writing to the Vice President of Student Engagement and Services within 5 business days of the notification of the decision.

Email appeals will not be accepted.

In order for an appeal to be granted any of the following must be proven:

1. Hearing procedures were not followed, regarding notice and opportunity to be heard, unless waived by the student.
2. There is sufficient discovery of new evidence concerning the incident, which must be proven to have not been available at the time of the case.

The appeal shall include:

1. the basis of the appeal (as listed above.)
2. copies of all written decisions of the Judicial Board
3. must be signed by the sanctioned student.

Centenary College of New Jersey

ANTI- HARASSMENT, DISCRIMINATION & RETALIATION POLICY

Revised April, 2009

Introduction

Centenary College is committed to maintaining an academic and workplace environment free from all forms of unlawful sexual or other harassment, discrimination and retaliation in connection with academic and employment practices.

Applicability of Policy

This Policy sets forth the College's zero tolerance for sexual or other unlawful harassment or discrimination or retaliation of any kind whether it be by a Faculty member, Staff member/employee, Student, visitor or third-party transacting business with any member(s) of the College. This Policy prohibits sexual or other unlawful harassment, discrimination or retaliation against all members of the College community (including Faculty members, Staff members/employees and Students) as well as non-employees including but not limited to employment applicants and applicants for academic enrollment. This Policy further prohibits retaliation against anyone who complains pursuant to this Policy, or participates in an investigation pursuant to this Policy. It is the responsibility of all members of the College community to abide by this Policy.

Laws Regarding Discrimination & Sexual Harassment

The College abides by all applicable federal, state and local laws that prohibit unlawful discrimination or harassment on the basis of race, color, national origin, ancestry, creed, age, religion, sex, gender, affectional or sexual orientation, marital or family status, military or veteran status, disability or any other protected trait or class, in any educational or employment program, policy or practice of the College. By way of example, Title VII of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, religion, sex and national origin in employment practices. Title IX of the 1972 Education Amendments prohibits discrimination on the basis of sex in education programs receiving federal funds. The Federal courts, and the Equal Employment Opportunity Commission (EEOC) in its April 1980 Sexual Harassment Guidelines, have ruled that the sexual harassment of employees constitutes unlawful sex discrimination and is a violation of Title VII. Discrimination and sexual harassment are violations of federal and state law as well as serious violations of Centenary College policy and will not be tolerated.

- Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:
- Submission to or rejection of such conduct is made implicitly or explicitly a term or condition of instruction, employment or participation in any Centenary College activity;
- Submission to or rejection of such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions affecting an individual;
- Such verbal or physical conduct has the effect of unreasonably interfering with an individual's work, academic performance, or living conditions by creating an intimidating, hostile or offensive environment.

Sexual harassment is a form of discrimination because it unjustly deprives a person of equal treatment. It can endanger a person's well-being by impeding the ability to work, and interfering with educational opportunities. It can occur between people of the same sex as well as between those of different sexes.

Examples of Discrimination and Harassment

Examples of behaviors or conduct which may constitute unlawful workplace/academic environment harassment and/or discrimination include, but are not limited to:

- Racial or ethnic jokes whether communicated verbally, in writing or electronically (e.g. via e-mail);
- The use of race or ethnic based nicknames;
- Responding to deficiencies in job or academic performance differently based upon the employee's or student's race, national origin or religion.

Examples of behaviors or conduct which may constitute unlawful sexual harassment include, but are not limited to:

- Unwelcome sexual propositions, invitations, solicitations and flirtations or requests for "dates";
- Visual contact, such as leering or staring at another's body, gesturing, displaying sexually suggestive objects, cartoons, posters, magazines or pictures of scantily-clad individuals;
- Denying training, promotion, or access to any other employment or academic opportunity because sexual advances have been rejected;
- Unwelcome and inappropriate touching, patting, fondling, pinching or obscene gestures;
- Graphic verbal commentary about a person's body, dress, appearance, sexual activities, whistles and obscene telephone calls;
- Sexually suggestive objects, pictures, videotapes, audio recordings, electronic communications or literature.

Policy Against Retaliation

The College prohibits unlawful retaliation against anyone who has complained about unlawful sexual or other harassment, discrimination or retaliation, as well as those who support any individual making such complaint or who provide information or participate in an investigation into any such good faith complaint or report. Fear of retaliation should not be a barrier to reporting incidents of harassment or discrimination, or to the making of any good faith complaints whatsoever. Retaliation is a serious violation of Centenary College policy and will not be tolerated. Retaliation is, in addition to the underlying conduct about which a Complainant has complained, grounds for disciplinary action.

It shall not be retaliation for a Claimed Offender to defend him/herself against a complaint of sexual or other harassment, discrimination or retaliation under this Policy.

Complaint Procedures

The procedures described below are provided for the prompt and equitable resolution of complaints by Faculty members, Staff members/employees or Students who believe they might be the victim of a specific act or pattern of conduct falling within the above definitions of harassment or discrimination and/or complaints which involve retaliation regarding complaints about such conduct or participation in an investigation into any such complaint. Any individual having such a belief, or making such a claim (referred to as the "Complainant"), may do either or both of the following:

1. **Engage In Self-Help** - In circumstances where the Complainant believes she or he has been or is the subject of unlawful sexual or other harassment, discrimination or retaliation, and that there is no jeopardy to the Complainant's personal safety, the Complainant may, solely at her or his option, verbally or in writing communicate to the Claimed Offender that the behavior is unwelcome and/or offensive and request that the conduct cease immediately. The Complainant should keep a record of what happened, the date it happened, the names, addresses and telephone

numbers of any witnesses to the conduct, and a record of her or his communication with the Claimed Offender.

2. **Complaint** - A Faculty or Staff member who is a Complainant may make a complaint to the Director of Human Resources who is the Equal Opportunity Employment Officer for non-Students (referred to as the Director), or designee. A Centenary Student who is a Complainant may make a complaint to the Dean of Students who is the Equal Opportunity Employment Officer for Students (referred to as the Dean), or designee. When a complaint involves both Students(s) and non-Student(s) (i.e., Faculty, Staff, Visitor etc.), the Director of Human Resources, or designee, and the Dean of Students, or designee, will both be involved in the investigation of the complaint, utilizing these Policy guidelines.

Complainants are encouraged to provide the following information to the Director of HR or designee, (for Faculty and Staff) or the Dean of Students, or designee, (for Students) preferably in writing:

- The Complainant's name and status within the College community including:
 - For Faculty member or Staff member/employee's: title, department, full-time or part-time status
 - For Students: academic program, student status (1st or 2nd yr, etc.);
- The basis for the complaint: unlawful sexual or other harassment, discrimination and/or retaliation;
- A brief description of what occurred including, but not limited to, dates and times of all claimed unlawful conduct; names and any available contact information of witnesses or individuals who have any knowledge of the claimed unlawful conduct;
- The name and position/status of the College community member, visitor or third-party who engaged in the claimed unlawful conduct;
- The date on which the Complainant first knew of the claimed unlawful conduct and any steps the Complainant has taken, to date, if any, to resolve the complaint;
- A statement of the remedy or relief sought by the Complainant;
- The Complainant's signature and date of signature;
- Copies of materials, if any, which the Complainant believes may be relevant to the College's investigation should be attached and/or provided.

Any complaints under this Policy shall be made within 90 days following the last claimed act of unlawful sexual or other harassment, discrimination or retaliation. Where self-help was pursued by the Complainant, or for any good cause to be determined by the Director of HR (for Faculty and Staff), or the Dean of Students (for Students) the 90-day limit may be extended by the Director of HR in her/his sole discretion (for Faculty and Staff) or the Dean of Students (for Students) in her/his sole discretion.

The Director of HR, Dean of Students, or designee, (referred hereinafter as the Director/Dean) will review with the Complainant the Complainant's perception of unlawful sexual or other harassment, discrimination or retaliation. The Director/Dean may then do any of the following things, or any combination thereof, in her or his discretion:

- Discuss (separately) with the Complainant and the Claimed Offender the claimed unlawful conduct;
- Gather any other information or conduct any investigation or interviews that the Director/Dean, in her or his discretion, deems appropriate;
- Remind the Claimed Offender of the College's Policy against such claimed unlawful conduct and this Policy's provisions against retaliation;
- Attempt to facilitate an informal solution to the extent practicable under the circumstances;
- Take other steps deemed appropriate by the Director/Dean which may include (i) instructing the Complainant and Claimed Offender to refrain from engaging in any communication except that which is required for business and/or academic purposes pending resolution of the matter; and/or (ii) taking appropriate steps so that the Complainant and the Claimed Offender will have minimal or no business or academic contact with one another, to the extent practicable, pending resolution of the matter.
- Refer the complaint to the Anti-Discrimination and Harassment Committee (the "Committee") for review, investigation and action by that Committee as set forth below if the Director/Dean deems the same appropriate under the circumstances after consultation with the President or designee. Any determination by the Director/Dean to forward a matter to the Committee for review and action shall be made as soon as practicable and in no event later than 90 business days of the Director/Dean's receipt of a complaint under this Policy absent good cause warranting an extension of time.

While the Director/Dean will be sensitive to a Complainant's wishes not to proceed, if any, in certain circumstances, the College may need to take action including, but not limited to, the referral of a complaint to the Committee for further review and/or investigation and action consistent with the College's legal obligations and/or this Policy. Should a resolution of the matter deemed appropriate to the Director/Dean be reached short of the forwarding of the complaint to the Committee, the Director/Dean will file all documentation concerning a complaint against any Faculty member, Staff member/employee or Student in the Human Resources Department separate from Faculty or Staff member/employee personnel files or Student files, as the case may be. These records will be maintained in order to document that a complaint was made and that a resolution was reached. However, letters of disposition will be filed in the Faculty or Staff member/employee personnel files and Student files, respectively.

Within 15 business days of any determination by the Director/Dean that a complaint should proceed to the Committee for review and/or investigation and action, the Director/Dean shall convene the Committee which shall commence review and/or investigation of the matter.

- For any complaint against a Faculty member, or by a Faculty member against another Faculty member, the Committee shall consist of 2 Faculty members selected by the College (1 male/1 female) who are not involved with the complaint, and the Director of HR.
- For any complaint by a Faculty member against a Staff member/employee, Student, visitor or third party transacting business with the College, the Committee shall consist of 2 members, 1 Faculty member and 1 Administrative Official, (1 male/1 female), selected by the College who are not involved with the complaint, and the Director of HR.
- For all other complaints, the Committee shall consist of 2 Administrative Officials selected by the College (1 male, 1 female) who are not involved with the complaint, and the Director of HR.
- For a complaint involving a Student, the Dean of Students or designee will be a member of the Committee.

The Director/Dean shall chair each Committee and orient it to its responsibilities. The Committee shall hear statements from the Complainant, the Claimed Offender (separately) and other persons as the Committee may, in its sole discretion, deem essential for reviewing the complaint and shall review all documentation which the Director/Dean may supply to the Committee, if any.

The Director of HR shall, as soon as practicable and in any event no later than 90 business days after receipt of the complaint, make reasonable effort to ensure that a fact-finding investigation of the complaint is completed and that the Committee submits a final report, inclusive of recommendation(s) regarding resolution of the complaint, to the President or designee and others with a legitimate need to know within 90 business days of receipt of the complaint by the Committee.

The final report shall be based upon statements and evidence presented formally during the course of the hearing. If the Claimed Offender is found to have violated this Policy, the Committee may, in determining its recommendation(s), take into account previous disciplinary action(s), if any, against the Claimed Offender.

Upon receipt of the Committee's recommendation, the President of the College or designee will, in the case of a Staff member/employee, Student or other individual not governed by Article IX of the College's Constitution, make a final and binding decision and, in the case of a Faculty member governed by Article IX of the College's Constitution, make a recommendation. The final and binding decision or recommendation, as the case may be, may include, but is not limited to, (1) a letter of disposition which includes a statement of the College's Policy against unlawful sexual or other harassment, discrimination and/or retaliation or (2) a letter of disposition stating the discipline or recommended discipline for the Offender up to and including termination of employment for a Staff member/employee, expulsion in the case of a Student and dismissal for cause in the case of a Faculty member governed by Article IX of the Constitution.

In the event (1) the Claimed Offender is a Faculty member governed by Article IX of the Constitution of the College and (2) the President recommends any action subject to the provisions of Article IX, Section D, the procedures set forth in Article IX, Section D shall be followed.

If any complaint under this Policy is made against the Director of Human Resources or the Dean of Students, the functions assigned to that person under this Policy will be transferred to an individual designated by the President of the College.

In addition to utilizing the internal procedures set forth in this Policy, any Faculty member, Staff member/employee or Student who believes that she/he has been the subject of unlawful sexual or other harassment, discrimination and/or retaliation may file a complaint directly with external agencies that investigate discrimination, harassment and retaliation charges.

Prompt Investigation and Confidentiality

Complaints of unlawful sexual or other harassment, discrimination and/or retaliation are serious violations of College policy. Once a complaint of unlawful sexual or other harassment, discrimination or retaliation has been made, the College has an obligation to promptly investigate the matter. The College will be respectful of the Complainant's wishes not to proceed, recognizing, however, that in certain circumstances the College may need to implement any or all of the procedures set forth above and/or other appropriate action in accordance with the College's legal or other responsibilities. The College will take prompt remedial action to address a substantiated complaint of unlawful sexual or other harassment, discrimination or retaliation as deemed appropriate by the College, in its sole discretion, and in accordance with this Policy and all applicable law.

All investigations into claims of unlawful sexual or other harassment, discrimination and/or retaliation will be conducted respectfully. Every reasonable effort will be made to preserve confidentiality, to the extent practicable, however, in the course of an investigation it will be necessary to discuss the complaint with the Claimed Offender, other persons who may have relevant information and those with a legitimate need to know.

Duty to Cooperate

Supervisors, those who have supervisory responsibility over Faculty members, Staff members/employees, are under an affirmative obligation to report incidents of unlawful sexual or other unlawful harassment, discrimination and/or retaliation which come to their attention via formal or informal complaints, or which they otherwise come to know about. Supervisors may be held individually liable or otherwise responsible for failing to report matters about which they knew or reasonably should have known. Supervisors should not, under any circumstances, try to "handle the matter" on their own. Individuals who have a responsibility under the law or under this Policy for taking action to discover and to put an end to unlawful sexual or other harassment, discrimination and/or retaliation do so as agents of the College and accordingly will be defended legally by the College for all such action taken in good faith, even if mistaken.

All non-supervisory employees who observe or witness what they believe may be unlawful sexual or other unlawful harassment, discrimination and/or retaliation, or who learn about such conduct, must promptly refer the matter to the Director/Dean, or if the matter is against the Director of Human Resources or the Dean Students, to the employee's own supervisor who will report it to the Vice President of Finance/CFO or the Vice President for Student Engagement and Services, respectively. Unlawful harassment or discrimination against non-employees will not be tolerated and similarly must also be reported. Employees should not, under any circumstances, try to "handle the matter" on their own.

Standard of Proof

A violation of this Policy must be established by a preponderance of the evidence. The Complainant carries the burden of proof. Neither party can be compelled to make statements at the hearing. Anyone who decides not to offer statements at the hearing, must sign the "Statement of Voluntary Decision Not to Offer Testimony" (Statement) which is a statement indicating their understanding of their right to make statements and acknowledging their decision not to do so. Should a party decide not to offer statements and also refuse to sign the Statement, the Director/Dean shall sign the Director's/Dean's own name to the Statement, stating that the Director/Dean was so advised by the party of that party's decision not to speak on their own behalf. While the Committee shall not draw a negative inference from the failure of either party to speak on their own behalf, that decision not to speak on their own behalf does not change the burden of proof.

Time Limits

Any time limits set forth in this Policy may be extended by the Director/Dean for good cause which shall be determined by the Director/Dean in her or his sole discretion. For purposes of this Policy, "good cause" shall include, but not be limited to, examination periods or schedules, College recess and any other facts or

circumstances rendering the time limits set forth in the Policy unreasonable or impracticable. By way of example, in the event that an investigation requires the interview of a Faculty member(s), Student(s) or Staff member/employee(s) who may be unavailable between semesters, and those interviews are significant to the investigation, these deadlines may be extended by the Director/Dean until the beginning of the following semester. The Complainant and Claimed Offender will be given reasonable notice of any such extensions of the time limits set forth in the Policy. In the event the Complainant fails to respond within the time limits provided, upon written notice of such failure by the Director/Dean to the Complainant, the complaint will be deemed to have been withdrawn.

Academic Freedom

The ability of the College to achieve its purposes in large part depends upon the quality and integrity of the academic work that its Faculty and Students perform. In the College's educational setting, as distinct from other workplaces within the College, wide latitude for professional judgment in determining the appropriate content and presentation of academic material is required. Conduct, including pedagogical techniques, that serves a legitimate educational purpose does not constitute sexual or other unlawful harassment, discrimination or retaliation. Those participating in the educational setting bear a responsibility to balance their rights of free expression with a consideration of the reasonable sensitivities of other participants.

Nothing contained in this Policy shall be construed either to (1) limit the legitimate exercise of free speech including, but not limited to, written, graphic or verbal expression that can reasonably be demonstrated to serve legitimate educational, artistic or political purposes, or (2) infringe upon the academic freedom of any member of the College community. Routine differences of opinion that arise but are not based upon legally impermissible criteria are not covered under this Policy.

Complaints Filed by the Director of Human Resources

The Director/Dean may file a complaint of unlawful sexual or other harassment, discrimination or retaliation against an individual believed to have engaged in such conduct, based on the number of complaints filed against the individual. In the event of a complaint under this section, the Director/Dean shall function as the Complainant. The President or designee shall assign the functions of the Director/Dean delineated in this policy to a member of the Executive Staff.

Appeal

A Claimed Offender who is found to have violated this Policy may appeal the decision by submitting a written letter of appeal to the President within 30 days of receipt of the President's letter of disposition. The President or designee will decide if an appeal should be heard. This decision will be based on new evidence or a failure to observe due process. Appeals will not be heard to reconsider penalties.

If the President or designee decides that an appeal should be heard, the President or designee will review the information, decide and issue a letter of disposition of appeal within 30 business days from receipt of the letter of appeal.

This appeal procedure applies to all violations of this Policy with the exception of those cases wherein an appeals procedure contained in the College Constitution is applicable in which case the appeals procedure contained in the Constitution shall apply.

False Accusations

Once a complaint of unlawful sexual or other harassment, discrimination and/or retaliation has been made and it is determined that a Faculty member, Staff member/employee or Student knowingly made a false or dishonest

accusation of unlawful sexual or other harassment, discrimination and/or retaliation, or knowingly provided false information in the course of an investigation of such a complaint, such conduct will be grounds for disciplinary action up to and including discharge in the case of a Staff member/employee, expulsion in the case of a Student and dismissal for cause in the case of a Faculty member governed by Article IX of the Constitution.

Monitoring

Subsequent to the resolution of a substantiated, reported incident of claimed unlawful sexual or other unlawful harassment, discrimination and/or retaliation, the Director/Dean shall follow up with the Complainant within an appropriate period of time to ensure that the conduct covered by this Policy has ceased, that corrective action has been complied with, and that retaliation has not occurred.

Record Keeping

Any investigatory records of a complaint against a Faculty member, Staff member/employee or Student under this Policy are confidential and shall be maintained in the office of the Director of Human Resources, or the Dean of Students, as applicable, and separate from Faculty or Staff/employee personnel files and/or Student files, as the case may be. A copy of any Letter of Disposition will, however, be maintained in the Faculty or Staff member/employee personnel file or Student file, as the case may be, of both the Complainant and Claimed Offender, respectively. The College's release, if any, of confidential investigatory records shall be consistent with applicable state and federal law.

EMPLOYMENT AT-WILL

While this Policy is intended to provide for the prompt and equitable resolution of complaints regarding unlawful sexual or other harassment, discrimination and/or retaliation, this Policy is not intended to abrogate or limit in any way the status of any at-will staff member/employee and/or agent of the College. This Policy does not create an employment contract or a guarantee of continued employment for any staff member/employee and/or agent. Nor does this Policy abrogate or limit the College's authority or discretion to make all lawful employment decisions, including decisions about discipline, suspension without pay, discharge, corrective action concerning conduct that the College deems unacceptable, improper or inappropriate regardless of whether that conduct constitutes sexual or other harassment, discrimination or retaliation. Nor does it limit the College's authority or discretion to impose a non-disciplinary suspension without pay pending the results of an investigation subject to the provisions set forth in the College Constitution, to the extent the same may be applicable.

This Policy is a product of the law as it currently exists. The College reserves the right to revise, modify, amend or terminate any part or all of this Policy at any time in the College's sole discretion without prior notice.

Centenary College of New Jersey

POLICY AGAINST SEXUAL ASSAULT & CONTACT

Revised April, 2009

The New Jersey Criminal Code has 22 separate criminal codes for Sexual Assault and Contact. Below is a brief overview of the State's codes, but not intended to be all inclusive. Centenary College upholds all of the laws, not just those discussed or reviewed within this document.

This policy describes sexual assault and contact from a legal and disciplinary perspective and offers information on resources available to assist victims. While the term "victim" is used throughout this policy, many prefer the term "survivor." Other programs and brochures are available, which describe situations in which acquaintance rape is likely to occur and what can be done to minimize risk. Information on these can be obtained from Health Services or from the Student Counseling Services.

Definition

Sexual Assault is defined as an act of sexual penetration with another person with the use of physical force or coercion or in which the victim is physically incapacitated. If the victim sustains severe personal injury in the act, the crime becomes aggravated sexual assault (N.J.S.A.2c:14-2). Sexual penetration is defined as "vaginal intercourse, cunnilingus, fellatio, or anal intercourse between persons or insertion of hand, finger, or object into the anus or vagina by either the actor or upon the actor's instruction" (N.J.S.A.2c:14-2).

Acquaintance rape or date rape is rape in which the assailant and victim know one another. The adjective "acquaintance" describes this association and does not imply a less serious form of rape. As in rape by a stranger, the degree of force exerted can vary from deadly force to coercion or threat.

Sexual contact involves intentional touching of the victim's or attacker's intimate body parts, even through clothing, for the purpose of degrading or humiliating the victim for the assailant's gratification.

The New Jersey Law

Under New Jersey state law, sexual assault is a crime of the second degree carrying with it penalties ranging from 5 to 10 years in prison. If the actor uses physical force or coercion and either the actor is accompanied by one or more persons or the victim sustains severe personal injury, the offense becomes aggravated sexual assault, a crime of the first degree with penalties ranging from 10 to 20 years in prison (N.J.S.A.2c:14-2). Severe personal injury includes incapacitating mental anguish, disease, and chronic pain (N.J.S.A.2c:14-1).

The Criminal Code emphasizes the importance of consent. Intercourse or sexual contact of any kind is against the law if one person is non-consenting, is fearful of loss of safety or is incapacitated due to the use of alcohol or drugs, is asleep, unconscious or mentally incompetent.

Centenary College Policies

The College Code of Conduct lists Sexual Assault as a Level I Offense: "offenses against another person that the College does not tolerate". An offense, upon conviction, can result in expulsion or suspension from Centenary. Centenary College has jurisdiction if two students are involved, even if the offense takes place off campus.

The college relies on a standard of proof based on a preponderance of evidence rather than on proof beyond a reasonable doubt. This is because the consequences and penalties that can result from college charges are less severe than those of criminal proceedings, where, for example, jail terms result from conviction. Thus, conviction at the college hearing may be more likely than in criminal proceedings.

The quality of our community is greatly diminished when a student must beware of acquaintances, when “friends” take terrible advantage, or when friendly behavior turns predatory at the first sign of weakness. People ought not to have fewer rights or social opportunities than others; and should be able to date, to kiss, to drink, and any number of other ordinary behaviors without having their bodies appropriated by another on the presumption that some threshold has been reached beyond which there is no turning back.

Most of us know what we are doing, and what “reasonable and acceptable” behavior is. The use of power, intimidation, and threats in relationships is always inappropriate; when it results in assault, it is criminal.

The victims of acquaintance rape should always consider bringing charges, whether to campus security or to the Dean of Students. While bringing charges can be difficult, support services are available to help a student through this time. Each case brought forward raises the level of awareness on this most troubling issue, and may help prevent future cases.

Reporting

Centenary College has identified institutional officials trained to handle these matters. To speak with one of these officials, please contact the Office of Student Services at 908-979-4291. Any individual who believes he or she has been sexually assaulted is encouraged to report the incident immediately to one of these officials, who will offer support and information on the process and procedure for such incident. The immediate concern of any member of the Student Services Staff will be the survivor’s emotional and physical well being.

Confidentiality

Victims of sexual assault are encouraged to report the crime to the police and/or the Office of Student Services. However, when a victim reports and assault to any member of the health/counseling services staff or to Campus Ministry, that person will obtain emotional, spiritual and /or medical support and assistance under strict confidentiality. Because of the seriousness and criminal nature of sexual assault, disclosures by a victim to any other person or office, would necessitate faculty and staff contact the Dean of Students with pertinent information about such alleged incidents. In all cases, the confidentiality of all parties will be protected, as far as the process permits.

Depending upon the nature of the alleged incident, the Vice President and Dean of Students will determine the course of action, or the appropriate process to follow with the local law enforcement authorities, as well as within the institutional disciplinary process. Sanctions can include suspension or expulsion from Centenary.

What to do if you are a victim

It is important to get help as soon as possible. The first step is to get assistance for any physical injuries and also for any emotional trauma.

1. Determine if you need immediate medical attention. Even if you do not feel physically harmed, it is wise to seek medical assistance, preferable within seventy-two hours.
2. Do not douche, bathe, or shower. Save the clothes you were wearing and bring them with you (do not wash them). This allows for documentation of evidence if you decide to pursue criminal charges now or at a later date. A clinician will also check for sexually transmitted diseases and pregnancy.
3. After securing immediately needed assistance it is important to report the incident to the police, or to campus security, depending upon where you are at the time. You may wish to have a friend or a counselor accompany you when reporting. In most cases, the sooner the reporting occurs, the greater the likelihood of successful prosecution. If you report the sexual assault, you still have the option of not pursuing the charge, but if you do not report early, you may jeopardize prosecution.
4. If you are assaulted by another member of the College community, even if you were off campus at the time, you should report the crime to campus security or to the Student Services Office.
5. It is a good idea to contact a member of the College Counseling Center. Centenary has experienced counselors available. You might also wish to contact a support group in the area. Telling someone is an important step in the recovery process.

Some victims do not report the rape or sexual assault because of confusion and disbelief about what happened, or because of the anticipated difficulties involved in pursuing a charge of acquaintance rape. Although difficult, reporting can help to decrease the sense of powerlessness that accompanies an assault; it also may lessen the chance that the rapist will be able to victimize others.

Each victim of sexual assault will have their own timetable for recovery depending on the circumstances of the assault, previous experience, and other variables. Support services are available to help students with what can be a lengthy recovery process.

Early contact with counseling provides support at a difficult time; early reporting to the police or campus authorities enables easier prosecution, may restore a sense of control, and may lessen the risk that the rapist will victimize others. However, the final decision on how to proceed is yours. No one will make you do anything that you do not wish to do.

NEW JERSEY LAW

In 1980, the New Jersey legislature passed the following act regarding hazing and aggravated hazing under New Jersey Criminal Code (N.J.S.A 2C:40-3):

A. **Hazing** - A person is guilty of hazing, a disorderly offense, if in connection with initiation of a student or fraternal organization, he/she knowingly or recklessly organizes, promotes, facilitates or engages in any conduct other than competitive athletic events, which places or may place another person in danger of bodily injury.

B. **Aggravated Hazing** - A person is guilty of aggravated hazing, a crime of the fourth degree, if he/she commits an act prohibited in subsection "A", which results in serious bodily injury to another person.

The act further provides that the consent of anyone placed in jeopardy or injured shall not be available as a defense against prosecution under this act. Since aggravated hazing is a fourth degree crime, one who suppresses by way of concealment ... any evidence of the crime (N.J.S.A. 2C:29.3) could be charged with the disorderly persons offense of hindering apprehension or prosecution.

CENTENARY COLLEGE POLICY

Any act of hazing, whether committed on or off campus, will be subject to College disciplinary measures and individual students as well as student groups may be held accountable. The College Code of Conduct lists Hazing as a Level I Offense: "offenses against another person that the College does not tolerate". An offense, upon conviction, can result in expulsion or suspension from Centenary.

Centenary College has a duty to report incidents of hazing and any other crimes to the Warren County Prosecutor's Office, and/or the College will cooperate fully with any investigation that is commenced by any law enforcement authority concerning such an incident.

It should be understood that any student, not solely new members of a fraternity and sorority, could be a victim of hazing. It should be further noted that active member participation in submitting themselves to being hazed is equally unacceptable and likewise will not be tolerated. If any student or student group has plans to conduct an activity, which they feel may be in violation of College policy, it is strongly advised that they contact the Dean of Student Services to clear any questions as to the acceptability of such an event.

POLICY AGAINST CONTROLLED SUBSTANCES

Revised June, 2009

The New Jersey Criminal Code has 18 separate criminal codes for Controlled Substances. Below is a brief overview of the State's codes, but not intended to be all inclusive. Centenary College upholds all of the laws, not just those discussed or reviewed within this document.

DEFINITIONS

Controlled substances are drugs whose general availability is restricted; any one of a number of drugs or other substances which are strictly regulated or outlawed because of their potential for abuse or addiction. Such drugs include those classified as narcotics, stimulants, depressants, hallucinogens, and cannabis.

THE NEW JERSEY LAW

The following are general policies based on the New Jersey Criminal Codes for controlled substances (**N.J.S.A. 2C:35-1-18**).

1. The possession, manufacturing, growing, use of, sale and/or distribution of a controlled substance are illegal.
2. Possession of drug paraphernalia.

Drug-Free School Zones:

There is a special provision in this Act if you are on any school property (elementary or secondary) or within 1000 feet of any school property or school bus or on any school bus and are convicted of distributing, dispensing or possessing with intent to distribute a "controlled or dangerous substance", you will be sentenced to a term of imprisonment and a fine up to \$100,000 depending upon amount of the substance you possess. During part of this term of imprisonment you would not be eligible for parole.

Other Penalties:

The New Jersey Comprehensive Drug Reform Act provides for forfeiture provisions under which the state may confiscate a motor vehicle in which any "controlled dangerous substance" is found, no matter how small the amount. Law enforcement officers are instructed to enforce all offenses strictly. Below outlines some of the penalties:

1. There is a penalty of mandatory loss or postponement of driving privileges of at least 6 months upon conviction of many drug offenses.
2. Especially harsh penalties are established to impose "stern punishment for persons involved in illegal manufacture of drugs."
3. If a person distributes a drug to a minor (under the age of 17) or a pregnant female, there is now a stiffer penalty.
4. Simple possession, use or being under the influence of ranges from jail time to \$25,000.
5. Use or possession with intent to distribute ranges from jail time \$300,000
6. Use or possession of drug paraphernalia ranges from six months in jail, mandatory fine of \$500 to \$1000 and a mandatory loss of driving privileges for up to two years.

7. In addition to the foregoing fines, every defendant convicted of any drug offense or who goes into a drug diversionary program must pay a mandatory penalty ranging from \$500 to \$3000 and a mandatory \$50 laboratory charge.

CENTENARY COLLEGE POLICY

As with the abuse of alcohol, the College recognizes the adverse effects the use of controlled substances and illegal drugs can have on students' ability to achieve their personal best. However, unlike alcohol, non-prescription, illegal substances and dangerous drugs are not permitted at any time and discovery of such may warrant the involvement of police authorities. Students who have been prescribed controlled substances should store these narcotics in their labeled containers within locked boxes. Verification of use of a prescribed controlled substance may be requested by a College official at any time.

The College Code of Conduct lists Controlled Substance Policy as a Level I Offense: "offenses that the College does not tolerate". An offense, upon conviction, can result in expulsion or suspension from Centenary.

1. Use of controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs.
2. Possession of controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs.
3. Distribution or sale of controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs.
4. Presence in or on college property under the influence of controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs.
5. The manufacture or cultivation of controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs.
6. Being present in a room or apartment in which controlled substances, non-prescribed prescription drugs, or otherwise dangerous drugs are being used.
7. Possession of drug paraphernalia or items commonly associated with the consumption of drugs (i.e. hollowed-out cigars, bong, blow tubes, inhalant devices, etc.).

Impaired behavior due to the use of illegal substance and dangerous drugs will result in additional sanctioning. Students involved in any incident while impaired will be held accountable for an alcohol violation along with any other policy violations.

EMERGENCY EVACUATION PROCEDURE

1. When the building's fire alarm is sounded, an emergency exists. Walk quickly and calmly to the nearest marked exit and alert others to do the same. Do **not** use the elevators. Do not attempt to access other areas of the building to retrieve personal belongings.
2. Evacuate all rooms, closing all doors to confine the fire and reduce oxygen — do not lock doors (Residence Hall room doors lock automatically. Do NOT use the deadbolt to keep the door open/unlocked.)
3. Assist disabled persons in exiting the building.
4. Keep roads, fire lanes, hydrants, and walkways clear for emergency vehicles and crews.
5. If requested, assist emergency crews as necessary.

Campus Evacuation

The evacuation of all or part of the campus grounds will be announced through the web based system. All persons are to vacate immediately the area in question and relocate to another part of the campus or location as directed.

Designated Assembly Points

After any evacuation, report to your designated area assembly point. Stay there until an accurate head count is taken. The Building Emergency Coordinator will take attendance and assist the accounting of all building occupants.

- | <u>Building</u> | <u>Evacuation Site</u> |
|---|-----------------------------------|
| 2. All Hackettstown Buildings | Reeves Gym |
| 3. Reeves Gym | West and Formal Dining Rooms |
| 4. Entire Campus

| 6. Equine Center New Barn | Equine Center Old Barn |
| 7. Parsippany Campus
(100 Littleton Road) | Dunkin' Donuts Parking Lot |
| 8. Metro Park | |

Preparing for an Emergency

Plan ahead; familiarize yourself with exits so you are aware of the designated exit route. If you cannot exit by that route or are not in your room, be aware of the quickest and safest way to leave the building.

1. When the alarm sounds, close all room windows, and before opening the door, check to see if it is hot. Never open a door if it is hot. If the door is not hot, brace yourself against the door and open it slightly to make sure it is safe (pressures created by fires can open doors if not held securely).
2. If you cannot leave the room:
 - a. Seal up the crack around the door using pieces of clothing (dampen it with liquid if possible), tape or whatever is handy.
 - b. To let smoke out and bring fresh air in, open windows a few inches.
 - c. Hang bed sheets or other large items out the window to attract the attention of the Fire Department.
 - d. Cover your mouth and nose with a cloth and stay close to the ground near the window where you can get the attention of those outside.
3. If it is safe proceed out your door and close the door as you leave.
4. Use stairways. Never use elevators during an evacuation.
5. Exit building quickly and quietly. Walk, do not run. If the nearest exit is locked, proceed calmly to the nearest available exit.
6. Report to the designated assembly location. (see above)
7. Report all injuries to the Fire Chief, Police Officer and members of the Residence Life staff.
8. Remain in the designated assembly areas for instructions from the Residence Life staff.

Fire Drills

Fire drills will be conducted periodically during the fall and spring semesters and will be done so unannounced to students. All persons must evacuate the building during a fire drill and report to their designated assembly location following the same instructions as above.

1. Each building will be checked during the drill to make sure every person has evacuated the building by the Residence Life staff.
2. Students should congregate inside of the designated assembly location until the residential life indicating they are permitted to return to their hall.
3. Student that fail to evacuate during a drill are required to meet with the Dean of Students that day. They may be removed from college housing.

Carbon Monoxide Detectors

Carbon Monoxide is a colorless and odorless vapor that can result in suffocation. Carbon Monoxide detectors have been installed in every campus building and within each residence hall room. The alarms are not hardwired to the fire alarm system; they operate individually off of batteries. Anytime the carbon monoxide detector alarm sounds, all residents should assume there is carbon monoxide present and should follow the following steps:

1. Exit the room, building or apartment quickly.
2. Residents should leave their building and assemble at the designated evacuation locations

3. Use the emergency phones or the nearest available campus phone (dial 0) to confirm with Campus Security that a carbon monoxide detector has been activated. If using a cell phone dial (908) 852-1400 then press 0.
4. Remain at the designated location and wait until official college personnel have spoken with you and given you permission to re-enter the building.
5. Residents or guests re-entering the building prior to being given permission are subject to disciplinary action.

Lock Down Procedures

The “lockdown procedures” will be initiated by a designated Administrator(s) of Centenary College. Notification will be made via the Mass Notification System. The “lockdown” will be initiated in the event that an armed and dangerous individual is on the campus or, when an emergency incident occurs which necessitates the need for a lockdown.

Procedures:

1. Remain Calm
2. Lock/Secure (Deadbolt) your door – If you are not in a room at the time a lockdown is declared enter the nearest room and lock and/or (deadbolt) secure the door. *Do not respond to anyone who may knock at the door.
3. Turn off lights and pull shades – Dark Rooms are harder to see into. Keep Quiet.
4. Stay off of the phone –Instructions may come by phone.
5. Move to a safe area within the room – Keep out of sight. Stay away from doors and windows. Do not allow anyone to sit on window sills.
6. Permit no one to leave – Prepare a list of those present in the room at the time of the lockdown. Also, list anyone else present who is not usually in the room during that period.
7. Ignore all bells – During a lockdown procedure, ignore any bells or alarms.
8. Notification at the conclusion of the lockdown will come via the mass notification system.

INTERNET

Centenary College is not responsible for material viewed or downloaded by users of the Internet. The Internet is a world-wide network of computers that contains millions of passes of information. Users are cautioned that many of these passes include offensive, sexually explicit, and inappropriate material. In general, it is difficult to avoid at least some contact with this material while using the Internet. Even innocuous search requests may lead to sites with highly offensive content. In addition, having an e-mail address on the Internet may lead to receipt of unsolicited e-mail containing offensive content. Users accessing the Internet do so at their own risk.

Virus Detection

Viruses can cause substantial damage to computer systems. Each user is responsible for taking reasonable precautions to ensure he/she does not introduce viruses into Centenary College's Network. To that end, all material received on floppy disk or magnetic or optical medium and all material downloaded from the Internet or from computers or networks that do not belong to Centenary MUST be scanned for viruses and other distinctive programs before being placed onto the computer system.

Portions of this policy were drawn from policies at Yale University and Haverford College. Centenary College would like to gratefully acknowledge their input and permission to use the material.

EMAIL POLICIES

With the rapidly expanding access to new communications media comes the need to establish guidelines for appropriate use. As with all Centenary practices and policies, we expect the user to exercise good judgment in using the computer systems.

Centenary College values privacy and recognizes its importance in an academic setting. However, circumstances arise which outweigh the value of a user's expectation of privacy and warrant college's access to relevant IT Systems without the consent of the user. Those circumstances are discussed below.

Conditions: In accordance with state and federal law, the college may access all aspects of IT Systems, without the consent of the User, in the following circumstances:

- When necessary to identify or diagnose systems or security vulnerabilities and problems, or otherwise preserve the integrity of the IT Systems.
- When required or permitted by federal, state or local law or administrative rules.
- When there are reasonable grounds to believe that a violation of law or a significant breach of College policy may have taken place and access and inspection or monitoring may produce evidence related to the misconduct.
- When such access to IT Systems is required to carry out essential business functions of the college.
- When required to preserve public health and safety or to protect the college from liability.

NEW JERSEY LAWS

The New Jersey Criminal code has countless codes related to burglary, theft and robbery. There are separate and additional codes related to defacement and vandalism of property. Penalties for such acts include community service, fines and jail time.

The college staff, including the student resident life staff, will work diligently to identify the perpetrators of such damage.

Residents are responsible for reporting individual damages to their residence hall as soon as they occur. Damages that occur in a particular room are billed to all roommates unless only one is clearly responsible. Damage to the living room, kitchen or unit property are billed to all those living in that apartment or unit.

The following standards relative to respect of property are in effect.

In cases where damage or vandalism is done to common areas and the responsible party cannot be determined, students sharing that common area share in the cost of the restitution.

RESIDENCE LIFE COMMUNITY STANDARDS

Revised June, 2009

In order to ensure that the policies of the Centenary College Code of Conduct and acceptable standards of community living are upheld, the following Residential Living Standards have been created. While all students of Centenary College are required to follow the regulations, those assigned to a residence hall room are held accountable for upholding these standards. It is the responsibility of the resident to ensure that their guests follow all Centenary College Policies and Residential Living Standards.

The Residential Living Community Standards (R.L.C.S.) are managed and adjudicated by the Residence Life Staff. Sanctions are created, not to be punitive, but rather to be educational and rehabilitative to the residential community.

As members of the Centenary College community, residents are requested to confront violators in a respectful manner, to insist on their compliance with the community standards. If a resident is unsuccessful in achieving a peaceful solution to a noise problem, the RA will intercede to ensure that the policy is adhered to residence life standards.

R.L.C.S.

The following offenses are those that Centenary College does not find acceptable within the residential community. In most cases, these offenses will be adjudicated by the Residence Hall Director. All offenses listed here can be sanctioned with suspension or expulsion if the Judicial committee feels the infractions are serious and if repeated would put the college or community in danger. Due to the serious nature of these offenses, the Dean of Students reserves the right to place restrictions or suspension of those charged until such time that the Judicial Board makes final judgment.

- A. **Bathroom Use** - For residence hall bathrooms that designate as male or female, students must adhere to the gender designations. Shower stalls are designed for single occupancy use only. CENTENARY COLLEGE POLICY

The Centenary College Campus is private property and the College determines all motor vehicle regulations on our campus. The following were designed to create an environment of safe and efficient parking and driving on campus.

All Centenary students may park cars at Centenary College providing he/she registers the car(s), which includes showing his/her driver's license and the car owner's registration, and agreeing to follow the regulations of the College and the State of New Jersey.

1. All Centenary students, faculty and staff must register their car, if they wish to park on campus in the parking lot instead of using the public street.
2. Motor vehicles operated on any College property by students, faculty, or staff, either regularly or temporarily, must be registered with the Campus Security and are subject to all driving and parking regulations issued by the College.
3. The campus speed limit is 15 miles per hour.
4. Students, faculty and staff will be held responsible for the violations of any vehicle registered to any member of their immediate family or other visitor.
5. Motorcycles must also be registered
6. All motor vehicle regulations are in effect 24 hours a day, 12 months a year.
7. Centenary will share information about vehicles, including registration and owner information if questioned by the authorities.

Duty to Report Accidents

The operation of a motor vehicle involved in an accident resulting in any personal injuries in any degree, or damage to any property shall, within 24 hours, forward a report to the Dean of Campus Safety. Failure to report an accident will result in suspension of motor vehicle privileges. The police will advise you if a local or state report is made.

Registration

Students must register cars within the first week of the semester. If the car is brought to the campus after the beginning of the semester, it must be registered immediately. Registration is an on-line process only.

Registration Fee

New Commuting (non-resident) students Fall 2009 or Spring 2010	\$100.00 per semester
New Residential students Fall 2009 or spring 2010	\$25.00 per semester
All Returning Students * Fall 2009	\$25.00 per semester

* A returning student is one who has attended Centenary College Classes without leave, prior to June 15, 2009. Re-admitted resident students will pay the new fee of \$100.00.

Sticker Information

Registration stickers must be permanently and immediately attached and displayed in full view on the lower portion of the left side of the rear window.

- a. All stickers remain the property of Centenary College and are nontransferable.
- b. Financial responsibility for each sticker remains with the person to who issued until completely removed from the vehicle and destroyed.

- c. Please remove parking sticker prior to vehicle disposal.

Temporary Vehicle Registration

Parking permits for vehicle in temporary use at the college must be obtained in advance. The vehicle should be kept off campus until such a permit is obtained.

Parking Information

Student Parking - All full-time students, commuters and residents, have the privilege of parking on campus if the vehicle is registered. Students are permitted to park in the lot located at the back of Campus adjacent to the athletic fields. Street parking is subject to all municipal and state motor vehicle regulations and is not under the jurisdiction of the College. Only Hackettstown residents are permitted to park on the streets around the college.

Specific regulations:

1. No Parking is permitted around the baseball field adjacent to the Bennett-Smith and Founders apartments.
2. Parking on Jefferson Street is limited to 3 hours and is intended for guests of the college. Students should not park there.
3. Smith Hall parking is for authorized and service vehicles only.
4. Anderson Lot is reserved for faculty and staff. No students may park there or their car will be towed at the owner's expense.
5. There is a 15-minute time limit for loading and unloading cars. After 15minutes, tickets will be issued.
6. Illegally parked vehicles will have a boot placed on them until the parking ticket is paid.
7. Except as outlined above, there shall be no student parking, at any time, behind the following residence halls: Anderson, Van Winkle and Smith, nor in the circle in front of the Seay Building, nor on Reeves Road, the Brotherton Parking lot, and the Ferry Circle. Violators will be towed at their own expense.

Visitor Parking

Visitors may be parked in the student lot only from 12 p.m. until 2 a.m. during the week and 24 hours during weekends. Violators will be towed at their own expense. Students must obtain visitor-parking passes for overnight guests, family, and friends from security prior to their arrival.

Disabled Vehicles

A disabled vehicle is illegally parked unless the operator has completely removed the vehicle from the roadway, notified the campus security in writing, posted a sign in plain view that the vehicle is disabled, and has taken immediate steps to remove the vehicle.

Vehicles Moved Without Authorization

When a vehicle is moved (either driven or pushed) by someone other than the operator, the registered owner is still responsible. Since this has been known to happen, the owner should always set the brakes, lock the vehicle and retain the keys.

Borrowed Vehicle

When a vehicle has been loaned to another person and is subsequently in violation of a parking or traffic regulation, the person to whom the vehicle is registered is responsible.

Other Considerations

Lost traffic/parking tickets do not relieve owner/operators of responsibility; illegal parking, whether brief or for a long time period and whether or not a car has been previously parked in an area without citation, is subject to ticketing and fines; tickets will be issued to cars parked in reserved areas.

Fines

- a. Violations are cumulative during each academic year.
- b. Failure to register the motor vehicle promptly in the Business Office
- c. Failure to display registration sticker in plain view where specified
- d. Illegal or improper parking.
- e. Illegal parking in medical permit, fire zone or handicapped space
- f. Unauthorized display of/or improperly obtaining a parking sticker.
- g. Three or more unpaid tickets will result in an automatic towing of the vehicle in violation **at the owner's expense**. Please be certain that you register your vehicle with campus security upon your arrival and that you follow parking guidelines as stated in this Student Handbook and on campus signs.

Loss of Privileges

The motor vehicle must be under complete control at all times. Courtesy to other drivers and consideration for pedestrians are basic conditions for the privilege to drive on campus. This privilege will be revoked whenever it appears that an operator is guilty of reckless or inconsiderate driving, or willfully disobeys regulations governing the use of the parking of a motor vehicle. A student who is issued more than five tickets in a semester will be reported to the Dean of Students, who may refer the violation to the Judicial Committee.

1. Please note that ignorance of the law does not serve to waive a fine or penalty; if a fine is not paid promptly, the student's credit and privilege of further registration at the College will be withheld until the fine or fines are paid.
2. Faculty and staff are expected to pay their fines promptly, and are subject to conditions as stated in the payroll deduction authorization form.
3. The fact that a person has been incorrectly advised does not constitute an excuse. In this regard, the authority is the Motor Vehicle Regulations.

Appeal

Appeals must be filed in writing to the Dean of Students within seven working days from the day the ticket was issued. You will receive written notice indicating the action taken on your appeal.

General Policy

1. Any change in car or license must be reported to the Business Office within 24 hours. College employees are not permitted to render any service to a student's car.
2. An ordinance prohibits overnight parking on any street in Hackettstown.
3. Failure to comply with any regulations constitutes an offense against the College. The penalty for violation of car regulations of Centenary College may be a fine, towing away and storage of the car at the student's own risk and expense, loss of campus driving privileges, or suspension.
4. Unregistered cars will be towed away after three tickets have been issued. All outstanding tickets and towing charges must be paid before a car will be released to its owner.
5. Driving on campus while intoxicated will result in automatic loss of driving privileges and further sanctioning under the alcohol policy.
6. While operating a car in New Jersey, a student must have in his/her possession a driver's license, registration certificate and insurance card for the car which is being operated.
7. The College reserves the right to alter or supplement these regulations at any time.

Note: If a student loans his/her car to a friend or other student, the owner must realize that he/she is responsible for the car and any tickets and/or damages to College property.

NEW JERSEY SMOKE-FREE AIR ACT

The [New Jersey Smoke-Free Air Act](#) (NJ SFAA) was passed by the New Jersey legislature and signed by the Governor in January, 2006. Effective April 15, 2006, the new law requires smoke-free environments in essentially all indoor workplaces and places open to the public, except gaming areas in casinos. In 2007, supplemental regulations were enacted to help implement the NJ SFAA.

CENTENARY COLLEGE POLICY

In accordance with New Jersey State law, and as safeguards against fire and in consideration of the health of our community members, smoking is prohibited in all buildings owned or operated by Centenary College. Please use caution when smoking outside as lit cigarettes, cigars, etc., when improperly disposed, can result in unintended fires.

Enforcement of the Smoking Policy is the responsibility of all of us. Any member of the community observing an infraction of the smoking policy is encouraged to remind violators of our policy. Centenary community members are also responsible for their guests respecting all regulations. Infractions may be documented with campus security, the office of Student Services or to the Human Resources Department.

CENTENARY COLLEGE – FERPA STATEMENT FALL 2008

(While gender-neutral language is employed in this statement whenever possible, “she or “her” occasionally appear. They are used to avoid awkward locutions and are not intended to perpetuate gender stereotypes.)

I. SCOPE OF THE ACT

(a) General.

The Family Educational Rights and Privacy Act (FERPA) is federal legislation that establishes guidelines governing the way educational institutions maintain and supervise student records. The Act requires the College to notify parents and students annually how it complies with the Act’s requirements. The Act is intended to assure a student that he or she can:

1. Inspect and review her educational records
2. Request an amendment to her education records
3. Participate in a hearing if the request for an amendment is unsatisfactory.
4. Request that Centenary College does not disclose directory information about him or her.
5. File a complaint with the U.S. Department of Education.

The Act permits the release of records without the prior consent of the student to appropriate College personnel and to parents of a student who have established the student’s status as a dependent. There are also other circumstances as set forth in the Act in which student information would be disclosed without the student’s prior consent.

A student who wishes to allow another person access to her records should complete a ‘FERPA Waiver’ in the Office of the Vice President for Student Engagement. The Waiver will be in effect for the duration of a student’s study at Centenary or until permission to disclose is revoked in writing by the student.

A parent wishing access to student records should have their son or daughter complete the ‘FERPA Waiver.’

(b) Records Covered.

"Educational records" of a student include records, files, documents, and other materials regularly maintained by the College that contain information directly related to a student and that are maintained in connection with the student's attendance at the College.

There are a number of types of records that are specifically excluded from the scope of the Act. For example, a student is not entitled to examine the following:

1. Records maintained personally by faculty members that are not available to others.
2. Records maintained by Campus Safety that are not available to others outside that department.
3. Records that are created or maintained by a physician, psychologist, or other recognized professional or paraprofessional that are created, maintained, or used only in connection with the provision of treatment to the student and are not available to anyone other than persons providing such treatment. Thus, for example, a student does not have the right under FERPA to inspect records maintained by the College Health Service or the Counseling Center. Such records, however, can be personally reviewed by a physician or other appropriate professional of the student's choice, and a student may have a right to inspect such records under other laws.
4. Records, such as those that might be maintained by the College's legal counsel, the confidentiality of which is protected by law.
5. Records containing financial information about her parents, such as information submitted in connection with an application for financial aid.

II. ACCESS RIGHTS OF STUDENTS

(a) Procedure.

A student may obtain access to her education records by making application to the Office of the Registrar. The College is required to grant the request within 45 days. The Registrar will forward copies of the student's request to the appropriate offices holding the requested files. These offices will contact the student and invite her to inspect them at either the Parsippany or Hackettstown campus.

(b) Confidential Letters of Recommendation.

In general, a student may have access to confidential letters and statements of recommendation that are part of the student's education records. This right, however, does not apply to such letters and statements placed in the student's education records prior to January 1, 1975, if such letters and statements are not used for purposes other than those for which they were specifically intended.

A student may, by signing a written waiver, relinquish her right to inspect confidential recommendations placed in the student's education records on or after January 1, 1975, respecting

1. admission to any educational institution;
2. an application for employment; or
3. the receipt of an honor or honorary recognition.

In no case will any student be required by the College to waive her rights to access of confidential recommendations. A student may find it appropriate to do so for a number of reasons. For example, the student may feel that her professors will write more candid and helpful letters of recommendation if the letters are not available to the student. A number of schools and departments have waiver forms available. A school or department desiring to formulate a waiver form should consult the General Counsel of the College.

(c) Copying.

A student will ordinarily not be provided with copies of any part of her record other than her transcript, unless the inability to obtain copies would effectively prevent her from exercising her right to inspect and review her education records. In cases where copies will be provided, the Office of the Registrar may impose a charge for making such copies at such uniform rates as it shall determine. In general, the charges imposed will not exceed \$.10 per page. An exception is the case of transcripts, which are \$4.

(d) Other Rights.

1. A student also has the right to be provided with a list of the types of educational records maintained by the College that relate to students. The College Registrar has compiled such a list and will, on request, make copies of this list available to any student to assist the student in determining those records to which she may want access. Generally, educational records of a current student will be maintained by the Office of Registrar, the Office of the Vice President for Student Engagement, the student's advisor or Learner Services Specialist and the Department of the student's major.

Academic Records of current students are also kept by the following offices if the student is currently a participant in that program:

- Educational Opportunity Fund Program
- Any program with students who have Declared Disabilities
- Athletics

First-Year Program

In addition, the College Health Service and the Counseling Center maintain records relating to students who have utilized the services offered by those two departments. If a student has utilized the Career Development Office at the College, that office may also maintain records relating to the student.

2. A student may request that her records be amended to eliminate any information contained therein that she believes is inaccurate, misleading, or violates her privacy or other rights.
3. If the College decides to refuse to amend a student's records, she or she is entitled to a hearing to challenge the content of her educational records in order to insure that the records are not inaccurate, misleading, or otherwise in violation of her privacy or other rights. Normally, an informal hearing will suffice with an officer of the College who has authority to make changes in a student's records. If a student is dissatisfied with the results of such a hearing, the student should be referred to the Vice President for Academic Affairs.
4. If, after a hearing, the College decides that the student's records are not inaccurate, misleading, or otherwise in violation of her privacy or other rights, the student has the right to place in her records a statement commenting upon the information and/or setting forth any reasons for disagreeing with the decision of the College

III. ACCESS BY OR RELEASE TO OTHERS

(a) General.

The College will not generally permit access to, or release of, educational records or personally identifiable information contained therein to any party without the written consent of the student. The College may, however, as provided in the Act, release such data to certain persons including:

1. Officials of the College who have a legitimate educational interest (including persons with whom the College has contracted) in obtaining access to the records. Such access will be granted if the official needs to review an educational record in order to fulfill her or her professional responsibility.
2. Persons who require access in connection with the student's application for, or receipt of, financial aid.
3. Parents of a student, provided the student is a "dependent" of the parents for federal income tax purposes. In general, the College does not initiate communication with a student's parents. Where the College believes that it is in a dependent student's interest, information from the student's educational records may be released to the parents of such a dependent student.
4. The College may release such information in compliance with a judicial order or pursuant to any lawfully issued subpoena. As a general policy, before any information is so released the College will first notify the student at the student's most recent address as shown in the records maintained by the Office of the Registrar. However, in compliance with the Act, some judicial orders and subpoenas issued for law enforcement purposes specify that the College cannot disclose to any person the existence or contents of the order or subpoena or the information furnished in compliance with it.
5. In connection with an emergency, the College may release information from educational records to appropriate persons if the knowledge of such information is necessary to protect the health or safety of a student or other persons.

(b) Release with the Student's Consent.

Upon written consent or request by a student, the College will release information from the student's educational records to third parties. The student should make a request for a one-time release through the Office of the Registrar. The College may impose a charge for copying a student's records in connection with such release.

(c) Transfer of Information to Third Parties.

It shall be a condition of the release by the College of any personal information on a student to a third party that

the party to which the information is released will not permit any other party to have access to such information without the written consent of the student. An institution to which such information is released may permit its officers, employees, and agents to use such information but only for the purposes for which the disclosure was made. These restrictions do not apply to certain subpoenas and court orders.

(d) Directory Information.

The College may release "Directory Information" with respect to a student without the student's consent. The College is required to give notice of the categories of information that it will treat as "Directory Information."

Accordingly, the College hereby gives notice that it has designated the following categories of information as directory information with respect to each student:

- name,
- local and permanent address,
- electronic mail address,
- telephone listing;
- date and place of birth;
- major field of study; minor field(s) of study and concentrations (if any)
- campus at which a student is studying,
- learner status (Part-time, Full-time, Matriculated, Non-matriculated)
- participation in officially recognized activities and sports;
- weight and height of members in athletic teams;
- dates of attendance at Centenary and campus and department attended;
- degrees conferred, awards received, and their dates;
- other educational institutions attended

A student in attendance at the College who does not want to have directory information relating to himself or herself released should inquire at the Office of the Vice President for Student Engagement as to the procedures to be followed.

IV. GENERAL

1. You may view the Federal Family Educational Rights and Privacy Act on the U.S. Department of Education Web site at **www.ed.gov/offices/OII/fpco/ferpa**.
2. Other than the Office of the Registrar, each office of the College that maintains educational records may offer access only to officials of the College who have a legitimate educational interest. The Office of the Registrar will keep with each student's file a permanent record of all parties who have requested access to the student's records, other than:
 - custodians of such files,
 - College officials normally dealing with such files in performance of their duties,
 - College officials who have been determined to have a legitimate educational interest in obtaining access to the records,
 - parents of a "dependent" student,
 - parties who have received "directory information,"
 - parties who have received records or information pursuant to the student's written consent,
 - recipients of records or information pursuant to certain subpoenas and court orders.

Such records of access should indicate specifically the legitimate interest that each such party had in obtaining access to the student's records and whether or not the request was granted. A student may inspect such records relating to her education records.

3. Questions about the interpretation of the Guidelines should be referred to the Vice President for Student Engagement who will gain an interpretation from Counsel.
4. Complaints regarding violations of a student's rights under the Act may be filed with:

COLLEGE MEETINGS AND CONVOCATIONS

The Dean of Students or the President of the College may call required meetings of the student body at any time. The opening Convocation is held at the beginning of the fall and spring semester of each year. All first-time, full-time students are required to attend all College Convocations held during the year.

ACADEMIC INFORMATION

Every student is expected to know and comply with the policies and regulations stated in the College Catalog that was in effect when they matriculated. All students are also expected to be aware of and responsible for their scholastic standing at all times, as well as required credit-requirements for graduation.

ENROLLMENT STATUS

Change of Status

Students with a change in personal record information (name, address, phone number) and /or those who make changes which affect their campus status (resident, commuter) must report this in writing to the Student Services Office by completing a Change of Status form. The status change will not be in effect until 24 hours after the completed and signed form has been submitted.

Leave of Absence

A leave of absence may be granted to a student for personal or medical reasons, internship-employment, travel, or specialized study. Permission must be secured from the Dean of Students and Vice President for Academic Affairs. Application for a leave of absence is available in the Students Services Office. A student who applies for a leave of absence must demonstrate good academic and financial standing with the College. The student must also indicate the date of return and if that date changes, must notify the Dean of Students. Registration and housing information will be forwarded to the student prior to the anticipated date of return. A leave of absence may be extended for the period of one full year. A student who is on leave for more than one year will be withdrawn from the College. A student on Leave of Absence may not attend another institution. Should a student complete a Leave of Absence and attend another institution, he/she will be required to re-apply for admission.

Withdrawal from the College

A student who plans to withdraw from the College during the year or at the end of a semester for any reason must contact the Student Services Office. A withdrawal form must be completed along with an exit interview with the Dean of Students and the Director of Academic Advising (and the Director of EOF, if applicable). Prior to departing campus, any student receiving federal or state; grants, scholarships and/or loans, should contact the Financial Aid Office regarding what impact the student's withdrawal will have on received or pending aid. The student must also contact the Business Office to clear all unpaid bills and discuss the refund policy.

The student must complete their official withdrawal form to release their records from the College. A student who fails to complete this process and does not report to the College 45 days after the first day of classes of the next semester or when it is determined that a student will not be returning to Centenary, an automatic administrative withdrawal will be processed by Centenary. Proper reporting to the College requires official registration by the Registrar's Office and attendance in classes. Failure to complete this process within seven days of the first day of classes of the semester for which a student is expected will result in automatic de-registration from classes for that semester and removal from the residence halls. The student may also be responsible for costs associated with an administrative withdrawal from the College if proper check-in is not completed.

INSTITUTIONAL REFUND POLICY

The following is a summary of Centenary College's refund policies with regards to tuition, room & board, and fees. This policy is not to be confused with Federal and State regulations regarding the return of funds when a student receiving federal and state financial aid withdraws. (Federal and State aid includes all aid identified on a student's financial aid award as a federal or state; scholarship, grants and/or loans.) A separate calculation must be done according to regulations enacted by the federal or state government. However the percentage of funds that must be returned, as prescribed by the regulations, may not match the percentage used to determine costs. This may then create a balance owed by the student to the college, above any prior unpaid balance or a balance due on federal grants, which must be repaid directly to the federal government. For detailed information or examples of the application of these policies contact the Finance Office.

ROOM ASSIGNMENTS

Room Assignments are made at the discretion of the Director of Residence Life. Incoming first-year and transfer students are assigned rooms by the director based upon the housing questionnaire they are asked to complete before arriving on campus. Please note, the Residence Life Staff is not obligated to fulfill specific requests, nor does it take any responsibility for roommate compatibility.

Each spring returning students are encouraged to participate in the Housing Selection Process, in which students select their rooms for the following academic year. Participation in the process is at the discretion of the student, and offers him/her the most choice in their building, room and roommate. In order to participate, a student must make a housing deposit and register for full-time status. Students that do not participate are not guaranteed housing for the following or any future academic years.

A very limited number of single rooms are available on campus. Resident students may obtain an application for a single room from the Residence Life Office. Single room priority is based upon medical need; you must present a physician's note to the Centenary Health Center to be approved to live in a single

CONSOLIDATION

Centenary college reserves the right to fill all beds within a residence hall room or apartment. Consolidation will occur when a vacancy exists in a double room. Students must comply with the direction of the Director of Residence Life to fill spaces. When and if it is necessary, the college will require room changes.

ROOM CHANGES

At the start of each semester there is a two week housing freeze where no students will be permitted to change their housing assignments. If after this period of time a resident still wishes to change their housing assignment they must follow these steps:

1. Conduct roommate mediation and complete a roommate contract with the assistance of their RA.
2. If after this mediation the issues are not resolved a student may then meet with the RD to discuss further actions to attempt to resolve the situation.
3. After meeting with their RD the student may then complete a Room Change Request form and meet with the Director of Residence Life to request a housing change.

4. All moves must be approved by the Director of Residence Life prior to move.
5. After approval for room change the student must complete the following steps to officially check into their new assignment and out of their old assignment.
 - Complete Room Change form
 - Exchange keys for new assignment (failure to return old keys will result in fines)
 - Check into the new assignment
 - Check out of old assignment

ROOM CONDITION INVENTORIES

Residents are responsible for completing Room Condition Inventory reports with their Resident Assistant prior to occupancy of and upon check out of any room on campus. Failure to complete this paperwork can result in fines. Residents are responsible for maintaining the condition of the room and upon moving out of any space on campus will be held financially responsible for not leaving the room in its original condition. Special cleaning required or damages found in the room upon check out will also result in fines.

RESIDENT HOUSING AND DAMAGE DEPOSIT

Each year students are required to make a \$300.00 deposit for their resident hall room. Residents are responsible for any damage incurred to their rooms, furniture, or any part of the residence buildings. The safekeeping of student's property is the responsibility of the resident. The College is not responsible for lost or stolen property and strongly discourages students from leaving valuable articles in their residence hall rooms.

At the time of move-in, resident students will sign a Residence Hall Contract and Room Condition Inventory. The Inventory is an agreement between the college and individual about the condition of the furnishings, walls, windows and doors of the room or apartment. At the conclusion of the year, after the student has removed all of their belongings, the inventory will be completed again. Damages, other than usual wear and tear, will be assessed and charged to the student account. The balance of the Housing Deposit will be forward to the next semester account. At the time of official withdrawal or commencement, the balance will be refunded to the student.

HOUSEKEEPING SERVICES

Housekeeping services are offered Monday through Friday during business hours. Residents are responsible for the maintenance of their rooms and/or apartments. Excessively unsanitary conditions in the halls, common areas, and bathrooms are subject to fines. As students live in shared halls, they are responsible for general upkeep of shared living spaces. Emergency housekeeping concerns should be brought to the attention of Residence Life staff. In case of situations deemed appropriate by the Director of Residence Life, housekeeping may enter an occupied room to clean it and prepare it for a student moving in and/or maintain a healthy environment for others in the community.

STORAGE

The College does not offer storage of student belongings other than what is provided by their room accommodations. Students may not store any belongings in their room assignment over the summer or between academic years/semesters. All resident hall rooms are cleaned out each summer and any items that are found are discarded.

Storage is provided for international students by the International Studies Department in Anderson Hall. This is based on need and any students requesting space must contact the International Studies Department to use this area.

BREAK PERIODS

The residence halls and dining facilities are closed during recess periods. If a student needs to remain in on-campus housing during breaks (e.g., Winter Break, Spring Break), the student must make a formal request with the Director of Residence Life. Students will be relocated into a consolidated break housing location and students will be responsible for their own meals during this time.

We understand that some of our students may not be able to travel home for the short break periods. Students will be permitted to stay if traveling further than an 8 hour drive and/or have an academic or athletic commitment to the institution. A designated Break housing space will be determined and students that regularly reside in that space are required to provide that space for our break housing residents.

ROUTINE ENTRY AND INSPECTION OF PREMISES

The College respects the students' right to privacy and their desire to control their own living environment. Students are responsible for the contents of their room at all times. Authorized personnel, such as Housekeeping, Facilities, Security and Residence Life Staff reserve the right to enter any resident room, locked or unlocked, without documented notice for the purpose of policy enforcement, maintenance and repair, routine health and safety inspections, damage appraisal inspection, vacation closing inspections, searches for missing items or unauthorized people, or other official purposes.

The College reserves the right to enter all campus premises on a regular basis to examine the same or to make such repairs, additions, or alterations, as it deems necessary. In addition the College reserves the right to enter the premises in order to take those precautions that might be found necessary to protect the health and safety of the occupants of other persons therein. Students must be advised that the College will take disciplinary action against any violators of the College policy, even if the violation is observed as part of a routine operation.

Authorized personnel will not disturb personal property during their time in the room, and will spend the least amount of time in the room needed to complete their task. During room entry, authorized personnel are permitted access all College property including refrigerators provided by the College, kitchen cabinets, dressers, drawers, closets and desks. They may not touch personal property contained in College property. Resident Directors may open or touch students' personal property only with the approval of the Dean of Students.

HEALTH AND SAFETY INSPECTION

Health and Safety Room Inspections are conducted to check for adherence to residency guidelines and the Fire Safety Regulations will be conducted by the Residence Life Staff on a periodic basis, prior to each vacation period and at any other time deemed appropriate with or without notice or the presence of residents. During Health and Safety Room inspections, authorized personnel may enter a room and inspect for adherence to College regulations. During routine inspections the resident(s) may be required to remove, correct or make other necessary changes to meet College residency guidelines and safety regulations. **Prohibited items may be confiscated.**

Health and Safety Inspections will include Residence Life Staff checking for:

- General cleanliness: It is okay for your room to look a little bit "lived in," but it is expected that some effort will have been made to clean the room and to ensure that no health or safety concerns exist.
- Disabled or tampered smoke detectors
- Overloaded electrical outlets, extension cords
- Tapestries & Wall Decor blocking lights, smoke detectors, doors, windows
- Excessive trash
- Evidence of prohibited items such as pets, smoking, candles, incense
- Unauthorized appliances or lofts
- Obvious damage to College property
- Properly charged fire extinguishers (Apartments)

Residence Life Staff will note issues and concerns on a Room Inspection Form initially, in which residents will have at least 24 hours to correct minor problems and then re-inspect. If the corrections are not completed, the Resident Assistant will submit an incident report for the follow-up inspection.

ROOM SEARCH

For the safety of the student, student body, college roommate or the community, a room search may be warranted. A room search will be conducted when there is a report made of violation of the code of conduct, state or federal law and specific information about the particular item/s in question and the specific location is given. Prior to the examination of the premises, application must be made to the Dean of Safety and Security, indicating the reasons for the search and the objects or information sought. Except in cases of potential or real imminent danger, or if the occupant cannot be located within a reasonable period of time, the occupant will be invited to be present and will be informed of the reason for the examination.

Commuter Life Information

COMMUTING LIFE

Centenary believes the college experience can be enhanced by becoming involved in some of the many organizations and activities offered at the College. For commuter students, this involvement can augment the student's academic experience and help him/her feel more a part of the Centenary Community. All students are encouraged to take an active role in the college both through academic experiences and social activities. Outlined below is information pertinent to you as a commuter student.

Commuter Council

Commuter students should consider joining the Commuter Council. The goals of the Commuter Council involve addressing specific issues and concerns of commuter students, organizing activities and informing commuters of pertinent information.

Lockers

There are a limited number of lockers available for commuter students in the Seay Administration Building next to the mail room. These lockers are provided as a convenience to students. Lockers must be registered for in the Student Services Office. Upon registration, the student will provide their own lock. Lockers will be reserved for the period of 1 semester or 1 academic year. At the completion of the academic year, lockers must be emptied and locks removed. Students are responsible for the content of their lockers. Centenary College is not responsible for lost, damaged or stolen property.

For the safety of the student, student body, or college community, a locker search may be warranted. A locker search will be conducted when there is a report made of violation of the code of conduct, state or federal law and specific information about the particular item/s in question and the specific location is given. Prior to the examination of the premises, application must be made to the Dean of Safety and Security, indicating the reasons for the search and the objects or information sought. Except in cases of potential or real imminent danger, or if the occupant cannot be located within a reasonable period of time, the occupant will be invited to be present and will be informed of the reason for the examination.

Should it become necessary for Centenary College to access your locker either for the purpose of search, mechanical default, maintenance, or to remove your belongings, the lock will be cut off and not replaced.

Dining on Campus

Traditional full-time undergraduate commuters are entitled to five meals per week, Monday through Friday. This is a gift to you, provided by Centenary College and Chartwell's Food Service, and is not reflected in your tuition. These meals are only available in the main cafeteria and are not able to be transferred to another location. Upon entrance to the cafeteria, you must present your Centenary ID card. Without your ID card, no meals are provided.

Additionally, commuter students are able to purchase snacks and meals in Tillie's, the Equine Center snack shop, the Library coffee stand, and meals in the main cafeteria. The Cyclone Card is a convenient way to pay for these services.

Emergency Accommodations

Housing accommodations can be made available for commuter students in the case of inclement weather. Contact the Director of Residence Life for a safe and comfortable place to stay. Since we have sold out spaces in our residence hall rooms, accommodations will most likely be a sofa in an apartment or a blanket and pillow with a friend or classmate. In the case of a late meeting or event, prior arrangements must be made. Your classmates or friends can request an overnight guest for these purposes. Please see the visitor and guest policy for more details.

[Commuter Lounge](#)

There is a commuter student lounge located on the third floor of the Ferry Arts Building for your comfort between classes. The area is designed for commuter students to relax and enjoy Comcast Digital television on the over-stuffed sofa, take in a quick game of Wii, have a cup of coffee or snack at the marble table. You can also spread yourself out and work on projects and other activities.

The lounge can be reserved for group meetings. Reservations should be made 24 hours prior for the use by any group, organization, or scheduled activity. This includes social gatherings, educational programs, and social programs. Lounge reservation forms may be acquired from the Director of Student Activities, and approval is up to the discretion of the Director and will be determined by earliest request when conflicts arise. Students should post flyers that lounge is reserved at least 5 hours prior to lounge use, so residents can anticipate not being able to use the space at that time. Since the location is on the third floor, an additional posting of the hours the lounge is closed should be posted at the main entrance to the Ferry Building.

[Commuter Student Deposit](#)

All students intending to attend Centenary College in subsequent semesters are required to make a deposit, which will secure your attendance at the institution. A Full-time Commuter student is required to pay a \$150.00 non-refundable deposit, which will allow them to have an official class registration. Students failing to make deposit will not be given an official schedule and may be dropped from courses. Once deposit is made Centenary will authorize the registration, but there is no guarantee that the same courses or sections will be available.
