

Centenary College Internship Programs

The Centenary College internship program strives to provide students with the opportunity to apply academic knowledge in a work world setting allowing the student to gain valuable experience needed to enter the job market. Qualified students are matched with an internship directly related to their area of study and career interests. Internships provide students with the skills and tools necessary to be successful in their chosen careers.

Internship Requirements

The student must have completed a minimum of 30 credits and must have at least a 2.5 GPA. A student may earn four to eight credits per semester for a total of sixteen internship credits.

Business Internships

Students can gain first hand experience in sales and customer service or learn the management skills needed for Human Resources. Other opportunities allow students to implement their acquired classroom knowledge of accounting and computers while learning other important work world skills associated with these majors.
