

Education Department

Department Mission

The mission of the Education Department of Centenary College is to provide state-of-art programs that promote academic excellence, leadership and professionalism in both future and current educators.

Department Goals

It is the goal of the Education Department to prepare you through study and practice for a career in the education profession. To accomplish this, the division has established these goals:

1. The Education Department works in partnership with the other major departments of the college, to provide programs of study designed to integrate liberal arts knowledge with the emerging role as an educator.
2. The Education Department provides courses and experiences for students to become knowledgeable in the essential professional areas of foundations of education, child development, curriculum, and teaching methods.
3. The Education Department provides courses and experiences in which students develop a full repertoire of ethical and professional skills.
4. The Education Department provides courses and experiences which enable our students to become interactive, innovative, and caring educators who understand how to accommodate students' different needs.
5. The Education Department provides careful advising, and close supervision in order to help ensure student success.
