## **Campus Safety & Security**

Campus Safety and Security at Centenary College is a shared responsibility. We are concerned about the safety and welfare of our students, faculty, staff and guests and we are committed to providing a safe and secure campus environment. Clearly, the best protection is an aware, informed, alert campus community who use reason and caution along with a strong security presence. In accordance with Section 485 (a) and (f) of the Higher Education Act, also known as the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**, the following is a summary of information concerning campus security procedures and crime statistics:

The overwhelming majority of our students, faculty, staff and guests never experience crime at Centenary College. However, crimes sometime occur. This information is provided because of our commitment to campus safety and security and in compliance with the federal law, Section 485 (a) and (f) of the Higher Education Act, also known as the **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**, the following is a summary of information concerning campus procedures and crime statistics.

### **Incident Reporting**

It is the responsibility of every member of the College Community (administrators, faculty, staff and students) to immediately report any incident that occurs on the campus that is disruptive, causes harm, loss or damage to a person or to personal or real property. Any unacceptable or offensive behavior, criminal act, medical emergency, injury to persons, theft, auto accident, fire, vandalism, damage to buildings or equipment, should be reported immediately.

Free professional, confidential counseling and medical services are available to campus crime victims through the Wellness Center located in the Seay Building. Pastoral counseling is available through the Campus Ministry Office at the Ferry Building. Although clinical and pastoral counselors functioning within the scope of his/her duties are required to inform clients of crime reporting procedures, the decision to do so is strictly voluntary on the part of the client. Therefore, the inclusion of crime statistics reported to counselors or clergy is not required and may not be included in the campus crime statistics. If medical assistance is required, victims of crime are encouraged to seek aid from the Health Center in Seay Building.

### **Reporting Procedures:**

In cases where there is need for emergency assistance by local Police, Fire or Medical personnel, go to the nearest phone and dial 911 to reach the Hackettstown Police and then notify Campus Security at x0.

In all cases, both emergency and non-emergency, an Incident Report should be completed within 24 hours and forwarded to the Assistant Dean of Campus Safety and one or more of the following: the Provost and the Chief Academic Officer when faculty are involved; the Dean of Students when students are involved; or when it involves a staff employee, to their supervisor and to the Office of Human Resources if it is a work related accident/injury. Copies of the Incident Report form are available in all aforementioned offices.

Prompt filing of incident reports enables the President, Dean of Students and/or the Assistant Dean of Campus Safety to issue Timely Warnings to the Campus Community if deemed necessary. rev 09/12 lk

Members of the College Community may also anonymously report criminal incidents. All confidential and anonymous reports of crime are included in the annual statistical report.

Cf: Student Handbook and College Employee Handbook.

## **College Response to Reported Incidents**

When there is an emergency or a criminal action that endangers some or all of the Campus Community or its neighbors, the President (or her designee) will consult with the appropriate administrator and local authorities to establish a plan of action including the means of communicating with all persons affected or at risk. For other incidents, the administrator within whose scope of responsibility they occur is responsible for evaluating possible reoccurrence and future risk potential. Based on this assessment, she/he will recommend corrective policy and/or procedure to the President. The College will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of the responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Timely Warnings - The College Community will be notified in a timely manner of any crime reported that is deemed to pose a threat to our campus community so that additional security precautions can be taken by all individuals who might be at risk. An institution is not required to provide a security alert/timely warning to the College Community with respect to crimes reported to a pastoral or professional counselor.

Timely warnings will be issued to the Campus Community through any or all of the means listed below:

- Campus wide e-mail and/or voice mail;
- Notification on the Centenary website;
- E2 Campus rev 06/11 lk

A written daily crime log is maintained that records by date all crimes reported on campus. The crime log is available on the college website at security. Any portion of the log older than 60 days is available within two business days of a request for public inspection. rev 06/11 lk

Annual crime statistics are compiled at the close of each calendar year by, the Assistant Dean of Campus Safety and in collaboration with the Hackettstown Police Department, the Edison Police Department and the Parsippany Police Department. rev 09/12 lk

## **Campus Security Authorities**

In addition to the Security Department officers, there are members of the Campus Community that are deemed as Campus Security Authorities and are responsible for reporting incidents of alleged crimes on and near campus to Security for inclusion in the crime statistics.

The Clery Act regulations define a Campus Security Authority as:

- A member of a campus police department or a campus security department of an institution
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department
- Any individual or organization specified in an institutions statement of campus security officers as an individual or an organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for students and campus activities. Including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

## **Security and Access to Campus Facilities**

Centenary College is an open campus. While the entire campus community is encouraged to practice personal safety awareness, The Security Department works in conjunction with the Hackettstown Police Department to insure a regular patrol of the campus by the police. Centenary College security patrols the campus 24 hours a day, 7 days a week on foot and utilizing electric and gasoline carts. Emergency telephones have been strategically placed in the Founders Parking Lot. rev 6/11 lk

Residence Hall doors are locked twenty-four (24) hours per day. All maintenance and other College personnel are required to identify themselves prior to entering a student's room. rev 6/11 lk

## **Parking and Traffic Regulations**

All members of the Campus Community must abide by the College's campus parking and traffic regulations. Campus Security is responsible for the administration and enforcement of these regulations. The College is not responsible for any damage or theft which may occur to vehicles or contents while parked on campus.

Campus parking and traffic regulations are available on the College website ([www.centenarycollege.edu](http://www.centenarycollege.edu)). Copies of these policies are also available in the Business Office, the Security Office, and at the Security Guardhouse. rev 06/11 lk

## **Policies Concerning Campus Law Enforcement**

Centenary College provides its own Security Department. They are trained in the College's accepted procedures and policies. The security officers are under the control and direction of the Assistant Dean of Campus Safety. The security officers have the authority to ask persons for identification and to determine whether individuals have lawful business on the campus. The security officers have the authority to issue parking citations and to prepare incident and other types of reports. These officers do not have the power of arrest. The investigation of criminal activities or the issuance of municipal parking summons for violations is referred to the Hackettstown Police Department.

Daily officer reports are submitted to the Assistant Dean of Campus Safety recording all activity that occurs on each shift including: all transport services provided, the times that building checks are performed, any outdoor lights which are not functioning, detailed accounting of all vehicles found to be in violation of College parking/safety regulations, and all vehicles which have been towed. rev 6/11 lk

## On-Campus Student Housing Facility Fire Safety Systems

**RESIDENT HALLS** are fully suppressed with a sprinkler system with sprinkler heads located in each resident room and all common areas including lounges and kitchens, networked fire alarm systems that registers smoke, heat, and steam, and networked carbon monoxide alarm systems. Halls are also equipped with multiple fire extinguishers per floor. When an alarm is activated in the halls, it sounds at the Campus Security SwitchBoard, which is staffed 24 hours a day, the local fire department, Bergen Alarm, and a notification by a third-party monitoring company is sent to the phones and computers of the Director and Supervisor of Facilities. The local fire department is then deployed to respond to the alarm as the Residence Life Staff aids in the evacuation of the building.

## Supervised Fire Drills

Fire drills are conducted in all College buildings twice a semester. These drills are often supervised by the Fire Inspector of the Hackettstown Fire Department and a campus Facilities Supervisor. In addition to the fire drills, mandatory, supervised evacuation drills are conducted in the residence halls during the fall and spring semester. During these evacuation drills, Residence Life Staff members complete random checks of resident rooms to ensure that students have properly evacuated from the building. At this time, if fire safety hazard violations are noted, Residence Life Professional Staff confiscate the items that are in violation to the policy and secure them in Storage.

## Fire Safety Violations and Prohibitions

The College Student Handbook further outlines fire safety hazards and prohibited fire hazards. Resident students are not permitted to possess and/or use halogen lamps, electrical cooking appliances, extension cords, holiday lights or heaters in their rooms. Open flames and the possession and/or burning of candles or incense are prohibited in the residence halls.

Under the College Conduct Policy students are prohibited from reporting a false emergency which includes false reporting of fire, bomb, medical emergency, or any other emergency by means of activating a fire alarm or in any other manner. Students are also prohibited from tampering with fire and/or safety equipment, including elevators, elevator phones, smoke detectors and sprinkler systems. Resident students are further prohibited from hanging items on or within an 18 inch radius of the sprinkler pipes or heads.

All individuals on campus are prohibited from smoking in all campus buildings including the residence halls. Smoking is also prohibited in close proximity to any building on campus; therefore the College has established designated smoking areas throughout campus.

Prior to the first fire drill held in the fall semester, residents of each floor are required to attend a mandatory floor meeting where information about fire evacuation procedures, designated evacuation meeting spots, which are posted throughout the building and on the Community Assistant doors, and fire hazards and prohibitions are thoroughly discussed. Additionally, upon fall check-in, resident students are given information on personal fire

insurance provided by an external company. Residents can choose to insure their items from any damage should an emergency take place.

All residence hall rooms are equipped with evacuation maps posted on the back of the door which indicate the primary and secondary exit routes on the floor in case of an emergency. Additionally, two building marshals are designated for the residence halls to assist in proper evacuation of the building should an emergency arise during the day. During evening hours the Assistant Director on duty and the Community Assistants assist in the evacuation of the building and are responsible for a count of the resident students.

## **Missing Person Policy**

In accordance with the Higher Education Opportunity Act of 2008, the College has implemented a Missing Persons Policy to establish procedures to respond to reports of a missing student. This policy applies to students who are deemed missing or absent from the College for a period of more than 24 hours without any known reason or which may be contrary to usual patterns of behavior or unusual circumstances that may have caused the absence. Such circumstances include, but are not limited to: a) reports or suspicions of foul play, b) evidence of suicidal thoughts, drug use, any life threatening situations, or c) has been with persons who may endanger the student's welfare.

Once a student has been reported missing, an investigation will begin. Notification will be made to the individual(s) identified by the missing student as his/her emergency contact and if necessary the local law enforcement agency. In the event the student is under 18 years of age, the Dean of Students or designee will be responsible for communicating with the parents or guardian.

In accordance with the Higher Education Opportunity Act of 2008, the College has implemented a Missing Persons Policy to establish procedures to respond to reports of a missing student. If a member of the Centenary College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify Centenary College security or the Dean of Students office. The Dean of Students office will generate a missing person report and initiate an investigation.

After investigating the missing person report, should the Dean of Students office determine that the student is missing and has been missing for more than 24 hours, Centenary College will notify the Hackettstown Police Departments and the student's emergency contact no later than 24 hours after the student is determined to be missing. If the missing student is under the age of 18 and is not an emancipated individual, Centenary College will notify the student's parent or legal guardian immediately after Centenary College has determined that the student has been missing for more than 24 hours.

In addition to registering an emergency contact, students residing in on-campus housing have the option to identify confidentially, an individual to be contacted by Centenary College in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, Centenary College will notify that individual no later than 24 hours after the student is determined to be missing.
